

UNCLE SAM GETS NEW BID TO HAGUE MEETING

VARIED PROGRAM IS GIVEN BY NORMANNA WEDNESDAY NIGHT

Over Hundred Enjoy Speeches, Music and Dancing at Norwegian Celebration

SUPERINTENDENT OF SCHOOLS IS THE PRINCIPAL SPEAKER

Associates Norway's Liberty With that of '76

A group of some over one hundred natives of Norway enjoyed the program of speeches, music by the Normanna Sangerkor, and dancing arranged by the Normanna to celebrate the declaration of independence of Norway, May 17, 1814, at the Eagles hall Wednesday night. Superintendent of schools, R. E. McCormick, was the principal speaker of the evening.

Following a few remarks by Olin Paulson, chairman of the committee on arrangements, in which he stated that the purpose of the gathering was to honor their native country and to perpetuate noble and honorable deeds in the new land, the United States of America, the program was formally opened by three selections by the Normanna Sangerkor. Each number was well received and greeted with hearty applause.

Varied Program

Dr. M. Siverson gave a short address in the Norwegian language. Carl Olson also was given his usual rousing welcome when he appeared in his Swedish costume and told Norwegian jokes. The Normanna sang two additional selections during the evening, and the audience was favored by two solo selections by E. O. Forseth, leader of the society.

Superintendent of schools, R. E. McCormick, giving the main address of the evening took occasion to compliment the Normanna Sangerkor for its work on previous occasions here and the interest which is being shown by the younger people in the society. Mr. McCormick recalled incidents in connection with the signing of the declaration of independence in Norway in 1814, associating that liberty with that of the United States in 1776. He pictured the events of 1776 in America as being closely allied with those of 1814 in Norway.

Following up the course of events since the nation gained its liberty, the speaker told of the tests to which the deeds of 1776 have been placed, referring to the civil war, the trouble in 1895 and the last world war. In the work of Abraham Lincoln during the civil war, he pointed out the reflection of the spirit of '76, adding that it was the same spirit of '76 which inspired the American army to accomplish such feats as it did in the war with Germany.

Perpetuate Spirit of '76

In closing Mr. McCormick referred to the present state of affairs, believing that out of a league of world friendship among nations of the world would come a peaceful solution of problems of the day. Health, education and character are things, he said, which are commanding our attention today, the development of which will go a long way toward the improvement of conditions. He spoke of the tendency to forget the things which prompted the spirit of '76 and interpreted the dead in France as a challenge to the American people to keep up and perpetuate that spirit.

WEATHER RECORD

For La Crosse and vicinity—Fair tonight and Friday. Slightly cooler tonight.

Wisconsin—Fair tonight and Friday. Slightly cooler tonight in west and north-central portions.

Minnesota—Fair tonight and Friday. Somewhat warmer Friday afternoon.

CONCEDE NOMINATION OF PINCHOT FOR GOVERNOR OF PENNSYLVANIA BY G. O. P.

PHILADELPHIA, Pa.—A steady increase in his lead over Attorney General George E. Alter for the republican nomination for governor of Pennsylvania was maintained Thursday by Gifford Pinchot, who was prominent in the progressive party in 1912 and 1914. Pinchot jumped into the lead early Wednesday night when about seven thousand of the 7,934 districts in the state had reported their unofficial returns from Tuesday's primary and nearly every additional district heard from during the night increased his majority. With 426 districts missing Pinchot had a lead of 7,639, the unofficial vote in 7,508 districts reporting giving him a total of 495,442 against 487,805 for Alter. Pinchot obtained his lead from districts outside of Philadelphia and Allegheny county, in which Pittsburgh is located and as most of the missing districts are in sections where Pinchot showed the greatest strength, his advantage was expected to grow as more returns were received.

GIFFORD PINCHOT

Alter's supporters have conceded Pinchot's nomination and estimates of his margin of victory ran from ten to twenty thousand.

Women played a big part in the result. Mrs. Pinchot, in a statement Thursday, said it was the women who had brought about the victory.

United States Senator George Wharton Pepper had a walk-over in the only other contest in the republican party, defeating Congressman William J. Burke for the nomination for the unexpired term of the late Senator Penrose by a big majority. Unofficial returns from 6,236 districts out of 7,934 gave Pepper a majority of more than 211,000.

HISTORIC CHARITY HOSPITAL IN ROME SWEEPED BY FLAMES

Two Wards of Santo Spirito Destroyed; Sixteen Bodies Already Recovered

INSTITUTION WAS FOUNDED BACK IN TWELFTH CENTURY

Five Thousand Were Inmates of Hospital at Time of Fire

ROME.—By The Associated Press.

A disastrous fire swept the historic hospital of Santo Spirito, one of the most ancient and picturesque charitable institutions in Rome, early Thursday. Collapse of the pavement isolated the chronic ward. Sixteen bodies had been extracted from the burning ruins at 7:30 o'clock.

The institution accommodates nearly 5,000 inmates and includes a hospital, lunatic asylum, foundling home, and refuge for aged and infirm persons.

The fire broke out shortly before midnight in the laundry. At first it seemed insignificant but it spread rapidly to the neighboring wards, each containing thirty chronic sufferers or infirm patients, who were seized with panic. The shrieks of the sufferers mingled with the crackling of the flames while the atmosphere rapidly became dense with smoke.

The fire broke out shortly before midnight in the laundry. At first it seemed insignificant but it spread rapidly to the neighboring wards, each containing thirty chronic sufferers or infirm patients, who were seized with panic. The shrieks of the sufferers mingled with the crackling of the flames while the atmosphere rapidly became dense with smoke.

Pavement Collapses

Nurses and doctors quickly cleared the bedridden from one ward, and in the next ward three of the patients crawled out. The electric lights were extinguished, adding to the horror of the immense wooden beams of the hospital fell there was a heavy grinding noise and the pavement collapsed, burying twenty of the chronic patients and rendering access to the wards impossible.

Carabinieri, guards, nurses and doctors made heroic efforts to save the patients, rushing through the smoke and fire and bringing out twelve, all of whom, however, were dead from suffocation. Several of the rescue parties were destroyed but the firemen saved the rest of the buildings.

Recover 16 Bodies

The mayor prefect hurried to the scene and in calming the terror-stricken patients who were saved and who lay on the floors waiting to be removed to the surrounding institutions.

Sixteen bodies already have been recovered. Four other patients were badly burned and one dangerously injured.

Founded in 12th Century

The hospital of Santo Spirito is situated on the bank of the river Tiber, not far from the Vatican grounds. It was founded by Pope Innocent III, in the twelfth century, enlarged by Innocent IV in the thirteenth, and rebuilt under Sixtus IV in the fifteenth.

The altar in the hospital chapel was designed by Andrea Palladio and is reputed to be the only work of this artist in Rome.

SENTIMENT AGAINST FRENCH RULE RISING THROUGHOUT SYRIA

DAMASCUS, April 23.—The rising of the Syrian people against the French who occupy the country under mandate, has spread rapidly throughout Syria and adjoining states, as is assuming the character of an open rebellion. The Syrians complain of heavy taxation, and demand the right to impose their own taxes.

COUNTY BOARD PICKS DAVIS FOR CHAIRMAN PETTINGILL IS VICE

Bangor Supervisor Begins His Twelfth Consecutive Year as Head of Board

QUESTIONS BOARD WILL FACE ARE REVIEWED BY CHAIRMAN

State Road and Bridge Committee to Be Elected at Session

R. W. DAVIS of Bangor was unanimously re-elected chairman of the county board of supervisors at its organization meeting Thursday at the courthouse. This will be Mr. Davis' twelfth year as chairman. Supervisor Pettingill was chosen vice chairman.

"I wish to call attention of the board to some of the things that are occupying the attention of over boards throughout the state," said Mr. Davis. "One important situation is that of the use of the highways by trucks and autos and of the necessity of placing the taxes on those who use the roads the most. There also is need for uniform taxation, the classification of land for tax purposes. Real estate valuations should be fixed for a term of years, three or five in order to save the expense of a yearly valuation."

County School Board

"The questions of mothers' pensions and blind aid also should be considered. A county board of education with more power than is now given the county superintendent is also being discussed to handle the rural school problems. It also has been suggested that the terms of office of the county and city members of the county board should harmonize. At present county members are elected for a one-year and city city members for two years."

Aid for Blind

The committee of county institutions introduced a resolution favoring an appropriation of \$112.50 for Wil Chichoski, under the blind act, and \$75 for Mrs. Olive J. Lampher. This is at the rate of \$150 a year for Chichoski and \$100 for Mrs. Lampher. Chichoski is an ex-serviceman, totally blind and with an income of less than \$250 a year. Mrs. Lampher is not totally blind.

The insurance committee reported that it had renewed the workmen's compensation insurance for the county with the Travelers, Hartford, Fidelity and Casualty companies but that the industrial commission had notified the committee that all of the insurance should be placed with the Travelers' company, thus canceling contracts with the other companies. Supervisor Keppel questioned the right of the state commission to do this, charging that it was a monopoly to give all the insurance to one company. The entire question was laid over until the afternoon session.

PREDICT LENGTHY DEBATE ON TARIFF BILL IN SENATE

WASHINGTON.—Senators republicans and democrats predicted Thursday that the tariff bill will be before the senate for a long time.

Formal notice was given by Senator Lodge, majority leader, that it was the intention of those in charge of the legislation to keep it under consideration practically continuously until it was passed, irrespective of the time required.

Announcement was made by Senator Underwood, minority leader, that it was the purpose of the democrats to debate the bill for weeks, not to let the country know what was in it.

COVERDALE WILL TALG AT WEST SALEM MAY 26

J. W. Coverdale, secretary of the American farm bureau federation, will deliver an address at the sales pavilion at West Salem, Wisconsin, on Friday evening, May 26th, at 8 p. m. A cordial invitation is extended to all members and to all the farmers of La Crosse county to attend this meeting and to hear the national officer of the farmers' organization.

HAYNES TO MILWAUKEE

WASHINGTON, D. C.—Prohibition Commissioner Haynes plans to visit Milwaukee next Wednesday to study Wisconsin liquor conditions and to confer with State Director J. A. Stone, it was announced Thursday.

AUTO VIOLATORS UP BEFORE JUDGE HUNT IN POLICE COURT

Five auto violators and one charged with intoxication were up before Judge Hunt on Wednesday and Thursday. Those fined were: W. M. Rogers, Phillip Martin and Kenneth Austin, turning short corner, \$35.00; Andrew Skaff, speeding, \$12.50; George Eggheberg, no lights, \$35.00 and George Lienlokken, intoxication, \$7.50.

LLOYD GEORGE NOTE SEEKS TO WIN OVER U. S.

American Government, However, Not Likely to Join According to New Advice to Genoa

NON-AGGRESSION PACT APPROVED BY POWERS AT GENOA MEETING

Agreement Provides for Commission to Study Russian Problems

GENOA.—By the Associated Press.

Sir Edward Grigg announced on behalf of the British delegation Thursday afternoon that further advice had been received from the United States government and that it did not seem likely the United States would participate in the Hague meeting, at least until the scope of the meeting was better understood.

Seek Light on Attitude

Asked to explain the British delegate's statement, Richard Washburn Child, the American ambassador, told the correspondent he had conferred with Foreign Minister Schanzer of Italy. Premier Lloyd George being present and amplified the position concerning the Hague meeting already explained in the note of Secretary of State Hughes.

The object, said the ambassador, was more fully to explain the attitude of the U. S. in order to make it clear beyond the possibility of a doubt.

Lloyd George Tries Persuasion

PARIS.—The Hava correspondent at Genoa understands that Prime Minister Lloyd George has sent another message to the United States government giving a fuller explanation of the plan of the meeting of the experts commission at The Hague.

Adopt Non-Aggression Pact

GENOA.—By the Associated Press.

The non-aggression pact was adopted unanimously at a plenary meeting of the political sub-commission of the Genoa conference Thursday. The pact was not signed but was adopted in the form of a resolution, each state pledging itself to respect it.

The agreement itself is a temporary pact of non-aggression providing for the appointment of a commission by the powers to examine again the divergencies between the soviet government and other governments.

The questions to be treated by these commissions will comprise debts, private properties and credits.

Meet June 26th

The two commissions must be at The Hague on June 26.

To permit the commissions to work peacefully and also to re-establish confidence, the soviet government and its allied republics on the one side, and the other governments on the other, pledge themselves to abstain from any act of aggression or subversive propaganda.

The agreement was based on the present status quo and will remain in force for a period of four months after the conclusion of the work of the commissions.

A pledge concerning propaganda will oblige the governments not to interfere in any way in the internal affairs of other states and not to assist financially or by any other means political organizations in other countries, and will oblige them to suppress in their territory "any attempt to commit acts of violence in other states or aiming to disturb the territorial or political status quo."

France and Belgium Absent

All the delegations attended the session except those of France, Belgium and Germany.

The delegates made solemn affirmation that they would recommend the pact to their governments and it seems likely they will be ratified as adopted today.

The final plenary session of the conference was fixed for nine o'clock Friday morning, and the conference will probably be concluded at about noon. The British have ordered a special train for early Friday afternoon and the other delegations are making plans for a hasty departure.

PLAGUE OF LOCUSTS VISITS NEAR EAST

MOSCOW.—By The Associated Press.

A plague of locusts, promising greater destruction than that of last year has developed in the Caucasus, Kuban and the Crimea. It is a serious blow to South Russia's hopes for successful crops, and the peasants have mobilized to fight the pest with gasoline. Air planes have been used to drop poisonous bombs in the breeding areas.

WASHINGTON GIVES BASIS ON WHICH IT WILL JOIN IN RUSSIAN DISCUSSIONS

WASHINGTON.—With respect to the statement made for the British delegation at Genoa, that it was doubtful that the United States could be induced to join in the discussions at The Hague until the scope of these discussions was more fully understood, it can be said on authority that the whole basis of these discussions, resting as they do upon the Russian memorandum of May 11, must be changed before the attitude of the American government would be altered. In other words, the American government will not join even in a scientific discussion of economic problems in Russia unless the Russian memorandum of May 11 is withdrawn by the Russians as a condition precedent to Russian participation in such a commission. It is also very clearly understood both here and at Genoa that the United States will not take part in any economic commission deliberations as to Russia unless it is understood specifically that no political questions are to be taken up.

Under those two conditions, namely, withdrawal by Russia of the memorandum of May 11 and the specific understanding that no question of recognition of Russian soviet government is to arise, the United States would not feel inclined to join in any economic commission which was created purely for the purpose of diagnosing Russia's economic maladies. And in addition it can be said that under such restrictions, the American government would have no objection to the participation of German and Russian experts in the commission deliberations.

NON-UNION COAL OPERATORS AGREE TO HOOVER PLAN TO LIMIT PRICES DURING STRIKE

WENDLANDT REFUSES TO ADMIT HOLD-UP JOB AT CENTENNIAL

Has Been Positively Identified by Hold-up Victims at Centennial Hall, Police Say

WAS HARD PUT TO PROVIDE FOR FAMILY, PRISONER SAYS

Merely Intended a Scare at Lunch Room, He Stated

APPROVE NAMING OF COMMITTEE TO ACT AS CLEARANCE HOUSE

Government and Consumers to be Represented as Well as Operators

ALL COAL ORDERS WILL CLEAR THROUGH DISTRICT BODIES

Conference Called by Hoover at Direction of President

OTTO Wendlandt, charged with holding up at the point of two revolvers the Centennial hall bar room shortly before 12 o'clock Tuesday night, and the Empire Lunch room on South Third street at 4:20 Wednesday morning was still being held at Central station Thursday morning.

With the exception of releasing him from the cell for a few moments Wednesday afternoon to be identified by the hold-up victims at Centennial hall, Chief John B. Webber has had no conversation with Wendlandt since Wednesday morning when he admitted it is said, being responsible for the hold-up at the Empire Lunch room.

Of the job at Centennial hall, Wendlandt still insists that he knows nothing, in spite of the fact that the three men who were held at the point of the revolver on that occasion have positively identified him as the man. The prisoner kept replying to queries by merely saying "I didn't know it."

While he had little to say in his conversation with the chief of police Wednesday morning, Wendlandt intimated that he was hard put to provide for his family and at the same time regarded the hold-up at the lunch room as a joke, Chief Webber said. His intention, he told the chief, was merely to give them a scare.

It was thought that Wendlandt would be arraigned in court Thursday afternoon.

DEATH-CAR DRIVER CONFESSES NAMES OF POLICE SLAYERS

Search Now Being Made for Two Men Who Were With Miller in the Automobile

CHICAGO, Ill.—Police have made public a confession said to have been obtained from John Miller, alleged driver of the car from which shots were fired killing two Chicago policemen May 9 in the so-called labor war. The two men who were with Miller in the car, according to his confession, were Charles Daudzanskis, alias "Fredrick," and "Floater" Stanley. Search for the men was started Thursday.

Indictment of at least four more persons, one a woman, will be asked of the grand jury in connection with the police hunt for terrorists, who police say, are operating as a protest against the Landis wage award.

LITTLE CHANGE IN WHOLESALE PRICES DURING THE MONTH

WASHINGTON.—The average level of wholesale commodity prices in April showed practically no change from the preceding month, according to a report by the bureau of labor statistics of the department of labor.

Farm products, foodstuffs and clothing showed a decrease of less than one per cent from March, as did building materials, house furnishings, goods, and commodities listed under miscellaneous. These were offset in the general level, however, by increase of slightly more than two per cent in the wholesale price of fuel and lighting materials and metal and metal products.

Prevent Speculation

They also agreed with Mr. Hoover that a method of bringing the consumers in touch with the supply would prevent speculation and a buyers' panic which might cause a runaway coal market if the strike continued.

MOCK TRIAL WILL BE GIVEN AT THE HIGH FRIDAY NIGHT

Interesting Event to be Put on
by the Lincoln-Douglas
Debating Society

The Lincoln Douglas Debating Society promises a highly interesting program for Friday evening. At the meeting, which will be held Friday at 7 p. m. in room 209 at the high school, a mock trial will be given.

Mr. Eugene Habenicht, a member of the society, is accused of having stolen the society trophy from the home of Lester Bey, the trophy custodian on the night of January 1, 1922. Carlton John, the venerable judge, is a member of the old school and his solemn thoughts, will doubtless pervade the atmosphere of the room with a feeling of sorrow and remorse for sin.

Two very distinguished lawyers have been secured for the occasion. Mr. Kismet Engbreitson, the prosecutor, has a large amount of circumstantial evidence collected and in view of his one hundred and eighteen honorary degrees from the leading universities of the county, will have a good chance of swaying the jury to his side. But his opponent, Paul Larson, Esq., has fully as many degrees as the prosecutor, and he will present many irrefutable arguments for the defendant. After completing a course in the Insane asylum, he finished by taking a post graduate course by mail from Yale College and therefore ought to have the delivery to win for his client. Lloyd Bateman, the sheriff, has Habenicht languishing under lock and key, and he is only waiting for the verdict to throw him in the dungeon for life. August Grams, the clerk of Court, writes a flourishing hand, and he will without doubt record the proceedings in a satisfactory manner. Carl Nordbeck, the paid foreman of the jury, will not be influenced by the fiery speeches of the lawyers but will use his sense of judgment. As this sense is sadly lacking, six good men and true, D. Emmert, C. Schall, G. Brufos, C. Pilger, E. and F. Homestead, will aid him in making up his mind. Lester Bey and Lloyd Bateman will be the chief witnesses for the prosecution, but the defense has not as yet announced their witnesses. Whether Habenicht will be acquitted or sentenced to 10 years in the chicken coop is only to be conjectured, but the only way to find out is to come and see.

After the trial a hot debate on the question: Resolved that compulsory courts of arbitration for the settlement of labor disputes should be generally adopted by the United States government. The affirmative will be upheld by Milton Stoen and Wilbur Gauth, and the speakers on the negative will be Norman Hale and Kenneth O'Connor. A variety of arguments will be presented. Visitors are cordially invited to attend.

SIDES OF EXCAVATION FALL IN UPON WORKER

CHICAGO, Ill.—One workman was killed Wednesday when the sides of an excavation for a hotel caved in and buried him.

The police immediately started an investigation to learn if the cave-in was other than accidental when they learned that the work was being done under the Landis wage award which brought on much of the recent labor trouble and that it was only three blocks from Tuesday night's incendiary fire.

TUCSON, Ariz.—Fire which broke out in El Tajito mine near Rosario Salinas, Mexico, Tuesday was extinguished.

ONE KILLED, FOUR HURT IN OUTBREAK OF KENTUCKY FEUD

PINEVILLE, Ky.—Riley Ball is dead, his uncle, Frank Ball, and John Hurst, probably fatally wounded and Clay, Cotson and Elmer McDaniel slightly wounded as result of an outbreak of the Colson-Ball feud in the break of the Bell county court-house here Wednesday. Five men are under arrest and extra deputy sheriffs and police are patrolling the streets.

MASKERS TO BE ARRESTED
PORTLAND, Ore.—Any person appearing masked on the streets of Portland will be liable to arrest on a charge of disorderly conduct. Chief of Police Jenkins announced.

Normal Notes

The annual faculty picnic, which was held Tuesday afternoon, was interrupted by the rain storm.

The Racquet Annals will be ready for distribution about June 1.

The annual all day excursion of the normal school will be held Friday June 2.

Many of the students who are graduating from the teaching courses in June or at the end of summer school are already placed in positions for next fall.

The work of the cast for the Senior Vodvil, which is to be held May 25, is progressing rapidly. An especially fine program is assured by the committee.

The formal dancing party to be given by the Physical Education club in the new gym on Saturday, May 27, will undoubtedly be one of the largest social functions of the year. More than 225 invitations have already been issued by members of the club. Special attention is being paid to decorative and lighting effects, and beautiful results are promised.

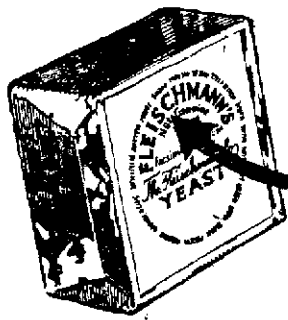

The cast for the Senior class play, "A Prince There Was," has been chosen and work begun on the piece. The directing of the play is in charge of a professional dramatic coach.

Holiday to Honor Needles
There is an annual needle festival held in Japan which is observed in all the girls' schools, the object of which is to make sewing an honored craft and the needle a worthy implement.

Did You Ever Try

"SALADA"

natural leaf Green Tea? It has proven a pleasant revelation to thousands of those hitherto used to Japan and China Greens.

Fleischmann's fresh yeast helps digestion and cleans a coated tongue

THOUSANDS of men and women have found relief from various digestive disturbances by eating Fleischmann's Yeast.

It is human nature to want to find out "why." So far as science can tell us this is the reason:

Fleischmann's Yeast is a food abundant in certain elements which are necessary to health and life itself. It promotes the flow of bile and of pancreatic juice. It has a remarkably beneficial effect on the whole digestive system. It cleans a coated tongue.

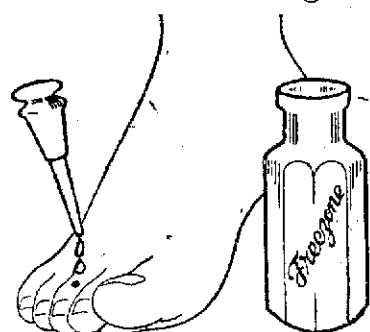

Try Fleischmann's fresh yeast in orange juice or, if you prefer, in milk. Men like it in milk shakes and malted milks. Women like it spread on bread or crackers.

Keep your digestion in the pink of condition and your tongue clean and healthy by eating 2 or 3 cakes of Fleischmann's Yeast fresh every day before or between meals. Get Fleischmann's Yeast fresh daily from your grocer.

The familiar tin-foil package with the yellow label is the only form in which Fleischmann's Yeast is sold

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an itching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the callouses, without soreness or irritation.

And Put in a Lot of "Dandys" Mother

FOR meals in the open, when healthy appetites clamor, you'll want a filling, satisfying bit of sweetness to complete the meal. That's why thoughtful mothers pack plenty of Dandys in picnic kits and lunch boxes.

These crisp, brown, spicy, Dutch-style cookies are suitable for any occasion. Plain pure ingredients, delicately spiced and blended with sliced almonds. Serve some today. Tell your grocer "A pound of Johnston's Dandys".

ROBERT A. JOHNSTON CO., Milwaukee, Wis.

Recipe for Parfait Armour

4 cups water
2 cups sugar
Few grains salt
2 1/2 cups orange juice
1/4 cup lemon juice
Grated rind 2 oranges
Mix water and sugar, bring to boiling point and let boil 1 minute. Add salt, fruit juices and grated rind; cool, strain and freeze using 3 parts finely crushed ice to one part of rock salt. Serve in tall coupe glasses.
Serve with Johnston's Dandys.

Johnston's MILWAUKEE Cookies & Crackers

Distributors: Smith Candy Co., La Crosse.

We Picked Them As This Year's-Winners

We selected Oldfield tires because we foresaw that they were what car owners would demand for 1922. Oldfield accomplishments in three years would have been impossible had Oldfield Tires not given extra values.

Oldfield has overtaken 85% of the other tire companies in volume of sales in that time.

Oldfield Cords have given evidence of uniformly big mileage that cannot fail to influence the buyer. In a recent test 41 Oldfield Cords averaged 14,000 miles.

Oldfield demand has passed all precedent as Oldfield performance has broken all records.

If you drive a car then you owe it to yourself to know why Oldfields have leaped into such nation-wide favor.

We have them in all sizes—at the lowest prices ever offered.

If you drive a light car ask for the "999"—a 30 x 3 1/4 Fabric.

A. B. Smith
Passenger Traffic Manager
St. Paul, Minnesota

In The MOVIES

"PAYING THE PIPER"—RIVOLI
Paul Iribe, foremost French designer of gowns, jewelry, furniture and interior decorations, and creator of the popular short vamp shoe, displays his first work in motion pictures in "Paying the Piper," the George Fitzmaurice picture, which will be the feature at the Rivoli Theater the rest of the week.

The artistic talent of Mr. Iribe is manifested in many unusual sets and interesting innovations in "Paying the Piper." A boudoir of Barbara Wyndham (Dorothy Dickson) as the petted daughter of a New York millionaire, has many novelties that will please women. The living room, grand staircase and cabaret scene all show the ultra modern note that Mr. Iribe has brought from French art to American motion pictures.

Mr. Iribe's entrance into American motion pictures is an event in the artistic world. Always a leader in the field of art, he is responsible for much of the turn of the new movement in costume and interior decoration which has developed in France.

"LOST ROMANCE"—MAJESTIC
William de Mille, invariably careful of his productions for Paramount, naturally does not overlook the importance of casts. So, in order to keep his latest production, "The Lost Romance," which comes to the Majestic theater today, up to the high standard he had previously set by such pictures as "What Every Woman Knows," "Midsummer Madness" and "Conrad in Quest of His Youth," he has chosen a remarkably well balanced cast for the photoplay. Jack Holt, Conrad Nagel, Louis Wilson, Fontaine La Rue, Maym Kelso, Robert Browner and Mickey Moore are among those who compose the exceptional roster of players.

and PATHE NEWS.

FRIDAY and SATURDAY
THE BIG PICTURE
"SISTERS"

Edward Knoblock, famous dramatist, was author of the story—his first original for Paramount—a story that brims with the character of incident and situation that is certain to be handled with much skill and artistry by Mr. de Mille.

RIVIERA TODAY
One of the greatest actors of either stage or screen today has a powerful and totally "different" role in "The Mysterious Rider," from the novel by Zane Grey, which is the attraction at the Riviera Theater today. That actor is Robert McKim, justly famous with motion picture goers for his "heavy" roles of the past and now reaching a new fame in bigger, finer, more sympathetic roles.

Mr. McKim plays "Wade," the little part in "The Mysterious Rider." He begins as a character surrounded by mystery and all the mystery is not solved until the action of the startling climatic scenes, where he ascends to great emotional heights. "Wade" has been following the vague trail of the man he has sworn to kill some day, and at the same time is searching for his daughter. The way he finds this man, and the daughter, is startling and dramatic in extreme.

STRAND TODAY
"Sisters," the great story by Kathleen Norris is a powerful portrayal of the love of a woman for a man who has been in love with her sister.

It is a story of a courageous girl who fought to hold her husband from her own selfish sister—and won her fight.

Alix, the elder of two daughters of a doctor, safely sees her younger sister married to the man of her choice, only to see this romance smashed through a trivial matter. A former friend of the family returns when the father of the girls dies and marries Alix who seems lonely but apparently contented. The younger sister after coming home when she has left her husband learns that her sister's husband was in love with her before she married and this discovery starts a romance which bears tough but grief and sorrow.

NEW YORK—Reports that the Midvale Steel and Ordnance company was to be absorbed by the Bethlehem Steel corporation were denied by Thomas L. Chadbourne, counsel for the independent steel companies.

Farm Achievement
Patricia, Alberta, is surrounded by 20,000 acres of land under irrigation—all unbroken prairie two years ago.

"The Tom Boy"

A story of a village cut-up who gives the bootleggers a merry time.
and PATHE NEWS.

FRIDAY and SATURDAY
THE BIG PICTURE
"SISTERS"

Edward Knoblock, famous dramatist, was author of the story—his first original for Paramount—a story that brims with the character of incident and situation that is certain to be handled with much skill and artistry by Mr. de Mille.

RIVIERA TODAY
One of the greatest actors of either stage or screen today has a powerful and totally "different" role in "The Mysterious Rider," from the novel by Zane Grey, which is the attraction at the Riviera Theater today. That actor is Robert McKim, justly famous with motion picture goers for his "heavy" roles of the past and now reaching a new fame in bigger, finer, more sympathetic roles.

Mr. McKim plays "Wade," the little part in "The Mysterious Rider." He begins as a character surrounded by mystery and all the mystery is not solved until the action of the startling climatic scenes, where he ascends to great emotional heights. "Wade" has been following the vague trail of the man he has sworn to kill some day, and at the same time is searching for his daughter. The way he finds this man, and the daughter, is startling and dramatic in extreme.

STRAND TODAY
"Sisters," the great story by Kathleen Norris is a powerful portrayal of the love of a woman for a man who has been in love with her sister.

It is a story of a courageous girl who fought to hold her husband from her own selfish sister—and won her fight.

Alix, the elder of two daughters of a doctor, safely sees her younger sister married to the man of her choice, only to see this romance smashed through a trivial matter. A former friend of the family returns when the father of the girls dies and marries Alix who seems lonely but apparently contented. The younger sister after coming home when she has left her husband learns that her sister's husband was in love with her before she married and this discovery starts a romance which bears tough but grief and sorrow.

NEW YORK—Reports that the Midvale Steel and Ordnance company was to be absorbed by the Bethlehem Steel corporation were denied by Thomas L. Chadbourne, counsel for the independent steel companies.

Farm Achievement
Patricia, Alberta, is surrounded by 20,000 acres of land under irrigation—all unbroken prairie two years ago.

LA CROSSE TRIBUNE AND LEADER-PRESS

STATE TO CONTEST SUIT TO RESTRAIN FREIGHT RATE CUTS

Michigan Town Starts Action to Enjoin Enforcement of Reduction Order

MADISON, Wis.—The railroad commission is preparing with Attorney General William J. Morgan to contest the action of the Chamber of Commerce of Menomonie, Mich., asking a permanent injunction restraining enforcement of the commission order reducing freight rates on coal shipped to points within Wisconsin.

It is the answer to the plaintiff's complaint, the state will argue that there is no relation between regulation of rates on a product shipped between states within a state, and regulation of rates on a product shipped from without its borders.

Contention is made by the Michigan shippers that through its reduction, the Wisconsin commission has discriminated against out-of-state coal men who must pay higher rates on their products sent from points across its border in Michigan. They assert that this regulation is in violation of the interstate commerce provision of the federal constitution and void.

As a result of the reduction order on rates, which became effective May 16, interior points in Wisconsin had freight costs cut from a few cents to nearly \$2 a ton. Shipments affected by the cut are all made from lake ports, while outside shippers are required to pay the rates set by the interstate commerce commission, which are considerably higher than the schedule set by the railroad commission.

It is on the basis of this difference in rates between the schedule established by the federal rate regulating body and the state, that the Michigan plaintiffs argue that discrimination is practiced, and the interstate commerce laws violated.

RALPH M. IMMELL NAMED SECRETARY TO THE GOVERNOR

MADISON, Wis.—Governor Blaine on Wednesday afternoon announced the appointment of Frank W. Kuehl of Fountain City, as executive clerk, and the advancement of Ralph M. Immell from that position to executive secretary. Mr. Immell was appointed executive clerk last January and is a graduate of the La Crosse Normal school, the University of Wisconsin, and the Wisconsin Law school. His home is at Blair, Wisconsin. He served 20 months overseas with the Yankee division during the world war.

Kuehl, appointed executive clerk, is a graduate of the University of Wisconsin and is completing his work at the Wisconsin Law school. Previous to entering the law school he was superintendent of schools at Iron River, Michigan. During the war he enlisted as private in infantry and was later commissioned in field artillery.

Former Private Secretary L. W. Brody is now practicing law at La Crosse.

SUNDAY SCHOOL CONVENTION OPENS AT TOMAH TODAY

The annual Monroe County Sunday School convention will be held at Tomah May 18th and 19th. All denominations will be represented and an interesting program has been prepared. All Sunday school workers are invited to attend. On Thursday at 5:30 p. m. the opening banquet will take place in the Methodist church dining room. In the evening the Methodist church, Rev. William Radtke of Eau Claire will speak on "Evangelical Church Wide Through-out the Year." He is known throughout his denomination as one of the best Sunday school workers.

Beginning at 9 a. m. on Friday in the Congregational church, the work and problems of the Sunday school will be taken up. The business meeting will be held in the afternoon after which the different departments of the Sunday school will be presented. Mr. Rogers and Miss Bailey will be given opportunity to present their plans. The evening service will consist of inspiring address by Rev. E. B. North of Sparta and Rev. H. A. Block of Norwalk.

Current steamship rates are declared to be an excellent preventative of seasickness.

In 1821 Bagdad was nearly devastated by the plague.

Says Rheumatism Leaves You Forever

James H. Allen, 1 Congress Avenue, Rochester, N. Y., once a rheumatic cripple, who discovered ALLENBROS and with it banished every trace of uric acid and every sign of rheumatism from his body, says that every druggist guarantees a full pint bottle of ALLENBROS to show the way to complete recovery or money back.

It relieves at once and immediately after you start to take ALLENBROS the good work begins. It searches out uric acid deposits, dissolves the creations and drives rheumatic poison out of the body through the kidneys and bowels. Even in cases where suffering has been pitiable and painful all traces of this dread disease disappear in a few days. Retail Drug Store can supply you.

MARCELLA KRISMER IS GUEST OF HONOR AT BRIDAL SHOWER

THE MISSSES EMILY and Eleanor Michel entertained at their home, 1606 South Eighth street, Tuesday evening in honor of Miss Marcella Krismer, a bride of this month. Dancing and games afforded amusement, following which a dainty lunch was served. The table was prettily decked in pink and white, a large bow and a corsage bouquet marking the place of the bride-elect. A set of silverware was presented to the bride-to-be. The guests were the Missses Marcella and Marie Krismer, Emily Papacek, Marie and Anna Kahl, Lucy Harder, Lillian Christopher, Clara Lepsch, Rose, Marie and Alvin Roubik, Gertrude Morgan, Emma and Elsie Michel, Mrs. W. Roubik and Mrs. J. Michel.

AT FRIDAY AFTERNOON Mrs. Clara Knight and Mrs. Odie Kendall will entertain the members of the R. N. A. Croquet club at the K. P. hall, Fourth and Jay streets.

WILSON-COLWELL Relief corps, No. 2, will hold its regular meeting at its rooms at the court house Friday evening at 7:30. A full attendance is required as there is to be a flag dedication.

AT THE LAST MEETING of the Smith Valley Home-Makers' club, which was held at the home of Mrs. P. Ederer, the cutting and making of dresses for members of the club was the work of the day. A picnic-dinner was served. Mrs. Caroline Ederer was presented with a handsome cut glass dish. The next meeting will be June 15 at the home of Mrs. Oscar Jensen.

THE LADIES' AID society of the Evangelical Free church, Fifteenth and Winnebago streets, meets Friday night at 8 o'clock at the social rooms of the church. A good program has been arranged and refreshments will be served. Mrs. Thomas Thompson and Miss Lorraine Nelson will entertain. The topic to be considered will be "Mother's Influence Over Coming Generations." Rev. B. A. Jonassen will be the speaker.

THE CATHOLIC Women's league will hold its regular meeting at the K. C. club Thursday evening at 8 o'clock. The speaker will be Dr. Anna Nicholson of Washington, D. C., director of the service bureau of the National Council of Catholic Women. The subject will be "Recent Developments in Catholic Women's Activities at home and abroad. Each member is privileged to bring a guest.

MRS. E. A. BARCOCK of Madison, nee Eda Capellen of this city, is visiting at the home of her parents, Mr. and Mrs. P. H. Capellen, 1530 Main street.

A SEVEN MONTH daughter was born Wednesday evening to Mr. and Mrs. Adolph Krissner, 1015 South Fifth street.

L. J. MAIRICH TO HANDLE WATKINS LINE

L. J. Mairich has severed his connections with the Grand Union Tea company after 35 years' service with that corporation, and has sold his route. Mr. Mairich has taken a position as salesman for the J. R. Watkins products and will have the territory in La Crosse county south of the La Crosse river. —Advertisement.

**SULPHUR SOOTHES
UGLY, ITCHING SKIN**
The First Application Makes Skin Cool and Comfortable
If you are suffering from eczema or some other torturing, embarrassing skin trouble you may quickly be rid of it by using Mentho-Sulphur, declares a noted skin specialist.
This sulphur preparation, because of its germ destroying properties, seldom fails to quickly subdue itching, even of fiery eczema. The first application makes the skin cool and comfortable. Rash and blotches are healed right up. Mentho-Sulphur is applied like any pleasant cold cream and is perfectly harmless. You can obtain a small jar from any good druggist.

BROODER EXPLODES: HOME OF RUSHFORD FARMER BURNS
RUSHFORD, Minn.—While the mother and two children also a brother were absent from the home, with just the father at home to look after the various chores about the place last Sunday morning the farmhouse of Mr. and Mrs. Pat Hennessey, seven miles northeast of Rushford, on Vinegar Hill, was destroyed by fire which originated from an explosion of the brooder of an incubator set up in the house. Among the losses, was \$1,500 in cash kept in the house by Phil Hennessey, a brother who made his home with the family.

AGED TEACHER DIES
ASHLAND, Wis.—Rufus Flagg, 74 teacher of the Bible and philosophy in Northland college, was found dead in bed Thursday morning. He was one of the speakers at the college banquet Wednesday night given by the faculty to the senior graduating classes. He was a trustee of Middlebury (Vermont) college and was a graduate of that institution. He lived in Burlington, Vt., until recently and was well-known in that state.

First Book on Farming
"A Book of Husbandry"—believed to be the first book on farming printed in England—country—was brought recently for a sum equal to about \$1500 on behalf of the British Museum at Sotheby's sale-rooms. This book, so small that it could easily be slipped in the pocket, was printed in 1523 by one, Richarde Penson. It was written by Sir Anthony Fitzherbert, of Northbury, Derbyshire, and is in excellent condition though colored with age. It is bound in morocco.

Homes for the Birds
There are some notable birds sanctuaries in Texas, which are known among bird fanciers all over the world because of the great variety of birds which are to be found there and because some of the birds are found nowhere else. The sanctuaries are Green Island, North and South Bird Island and Three Islands. These islands are given over entirely to the birds and there is nothing to disturb them. There are no predatory animals and few natives. The birds have it all their own way.

SEASONABLE BEAUTY AID
We find you can bring out the beauty of your hair to its very best advantage by washing it with cantrox. It makes a very simple, inexpensive shampoo, which cleanses the hair and scalp thoroughly of all the dandruff, dirt and excess oil, leaving a wonderfully clean, wholesome feeling. After its use you will find that the hair dries quickly and evenly, is never streaked in appearance and is always bright, soft and fluffy; so fluffy, in fact, that it looks more abundant than it is, and so soft that arranging it becomes a pleasure. Just use a teaspoonful of cantrox, which you can get from any good druggist, dissolve it in a cup of hot water; this makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head.

GOVERNOR ORDERS PARDON HEARING IN CARLSON CASE

MADISON, Wis.—Governor J. J. Blaine late Thursday appointed Max W. Beck of Racine, a special commissioner to take testimony in the matter of the application of Carl O. Carlson, Kenosha, for a pardon. Carlson is serving a life sentence on a plea of guilty for aiding and abetting murder in the first degree.

The supreme court has held that the charge against Carlson is that of aiding and abetting manslaughter in the first degree, a charge which carries a much lighter sentence, but there is no remedy other than pardon by the governor for cutting the prison term.

Earl Loveday, a companion of Carlson, pleaded guilty to murder in the first degree growing out of the killing of Patrolman Anthony Pingatore in the 1919. "The murder being in the first degree, Carlson could not be guilty of aiding and abetting first degree manslaughter," the governor said, "and the examination is for the purpose of ascertaining whether or not there was aiding and abetting of murder in the first degree as a matter of fact."

STEAMER ON ROCKS
REPORTED RESCUED
SEATTLE, Wash.—Word was received here Thursday morning that the power schooner Ozmo, which struck the rocks off Cape Blanco, Ore. Wednesday, had been rescued by the tug Daisy, which was towing the disabled vessel to the mouth of the Columbia river. The Ozmo's crew was reported aboard the Daisy. The Ozmo was pulled from the dense fog in which she was drifting.

"Taxiplanes" to Meet Steamers
It will soon be possible to order a "taxiplane" by wireless from the regular liners approaching Liverpool and Southampton. This will be waiting when the boat arrives to take passengers to their destination quickly.

CLOSE ARGUMENTS FRIDAY IN TRIAL OF ARTHUR BURCH

LOS ANGELES, Cal.—Deputy District Attorney Keyes who Wednesday opened the arguments to the jury in the case of A. C. Burch, on trial for the murder of J. Belton Kennedy, was expected to close shortly after court convened Thursday morning. The defense was to follow him immediately and the expectations were all arguments will be completed Friday.

Bas reliefs seem to have been invented by the Egyptians.

AUTO OWNERS PAYING OVER 3 MILLIONS A YEAR FOR INSURANCE

Million and a Half Paid in Losses During the Past Year

TAX OFFICIAL URGES LIABILITY INSURANCE BE MADE COMPULSORY

Declares Citizens Should be Protected from Risk of Injury

MADISON, Wis.—Wisconsin automobile owners are paying nearly \$3,500,000 a year to protect their machines for fire, liability, theft and property damage and collision according to a statement issued on Thursday by the state insurance commission. The actual amount paid in premiums for this protection last year was \$3,449,890.92, while the actual loss paid was \$1,515,215.84. In addition to this loss paid there is upwards of \$1,000,000 in claims now pending for the same year.

Only 75 per cent of the \$10,000 automobiles in the state are insured against fire and theft according to the estimates of Charles Timbers, deputy commissioner of insurance. Less than 40 per cent of the cars of the state are insured for property damage, liability and collision.

Automobile owners of the state last year, paid \$1,102,176 for fire insurance and the losses paid due to automobile fires was \$641,757. For liability the insurance premiums were \$1,190,264, while \$369,441 was paid by the insurance companies for injuries inflicted by the insured automobile owners. Premiums for protection from theft were \$306,547 and the losses paid were \$94,207. For property damage and collision the total premiums collected in the state was \$750,812 and the claims paid was \$409,520.

That liability insurance should be made compulsory for owners of automobiles is the belief of Deputy Commissioner Timbers.

"After all it is just a matter of luck when a man is injured by an automobile whether the driver is protected by insurance," said Mr. Timbers on Thursday. "If the driver is poor and not insured the injured man may not be able to recover but a minute amount although he may be severely injured. On the other hand if he is injured by a driver who is insured the injured man is almost assured that he will be compensated for his injuries."

"With the great increase in automobiles from less than 200,000 two years ago to probably 400,000 this year there is a constantly increasing probability of accidents. There are more automobiles on the streets and there is a greater moral hazard, I believe the citizens of the state should be protected from this hazard. The risk should be handled to some extent as they handle the risk of the workmen in the compensation act."

"Employers carry insurance and if the employee is injured at his work he is assured of compensation whether his employer is a rich or poor man. Just in this way evidence that the automobile owner is carrying liability insurance should be demanded before the state will issue a license to run the car. I fully believe this will come in the future through legislative action."

FEDERAL BUREAU TO PROBE MARRIAGE OF RODOLPH VALENTINO

LOS ANGELES, Cal.—The federal government through department of justice bureau of investigation agents here will investigate the marriage of Rodolph Valentino, screen actor, to Miss Winifred Hudnut of New York, at Mexico, Mexico, it became known here Thursday.

Valentino will be questioned here by federal officers, it was stated at the federal building and an effort will be made to interrogate the bride, who has left the city, as soon as she can be reached at some point between here and New York, her reported destination.

CHANG PROCLAIMS NEW EMPIRE IN NORTH OF CHINA

PEKING.—By The Associated Press.—Foreign legations here are awaiting an explanation from the Peking government concerning the status of Manchuria, which General Chang Tso Lin has declared part of his newly established empire.

Foreign Minister Yen is understood to have prepared a note explaining that General Wei Pei Fu's troops are being rushed to crush Chang's army. The note will urge the powers to negotiate no treaties with Chang which would violate the agreements concluded at Washington.

The "Isle of Man."

The Isle of Man does not derive its name from the name of its population, but from its position. In Manx "man" or "manain" means middle, and this name was applied to the island because of its location.

STEEL MEN INVITED TO DISCUSS MERGER WITH U. S. ATTORNEY

Daugherty Suggests Conference With Heads of Eight Companies Involved

WASHINGTON.—Attorney General Daugherty Thursday invited representatives of the eight steel companies named in the senate resolution directing an inquiry into a proposed merger of independent companies, to meet him Saturday to discuss their plans for the proposed merger.

The attorney general, who with the federal trade commission, was directed to take cognizance of the merger, a portion of which was effected yesterday, addressed his invitations to the presidents of the Bethlehem Steel corporation, Inland Steel and Tube company, Brier Hill Steel company, Youngstown Sheet & Tube, Midvale Steel and Ordnance, Republic Iron & Steel, Lackawanna Steel, and the Steel & Tube company of America.

House Probe Opens

NEW YORK.—The Lockwood House committee began an inquiry into the steel business Thursday, first turning its attention to practices of pools which sell to foreign buyers.

A. S. Clarke, president of the Consolidated Steel corporation, exclusive export agency for the Bethlehem Steel corporation, and nine others including the Lackawanna, Midvale, Republic, Sharon and Youngstown, was the first witness. He waved immunity and then described how the executive body made up of the presidents of the member corporations, fixed prices for sales in foreign lands.

GO SLOW ON TROLL

In trolling for musky, pike or pickerel 75 to 100 feet of line is plenty to run out behind the boat. At this distance the lure is far enough away from the boat and the line is easier handled in landing the fish. The boat should make about two to three miles an hour, which is speed enough to keep the spoon turning and at the same time give the fish a chance to see your bait. Always troll with your rod straight out behind the boat, never out the side at a right angle; this is treatment any fishing rod would resent.

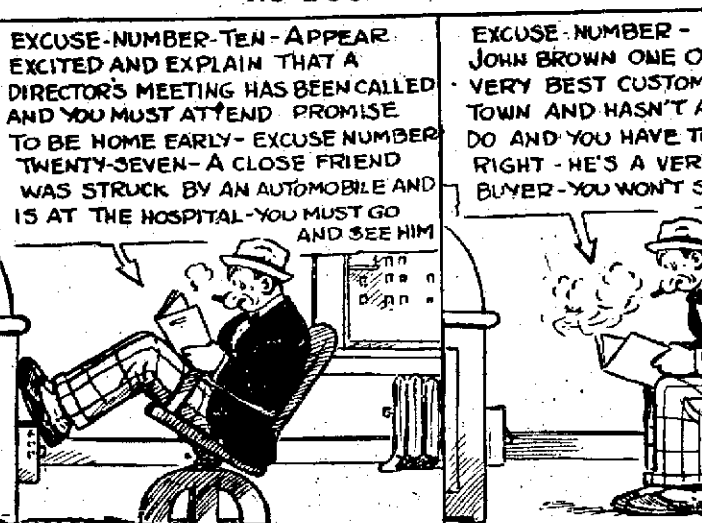

A mighty good thing for the rod is to use a steel rod shortener, which gives you a dandy trolling rod for about 20 cents. Just slip out the first joint, put the shortener in the grip, the second joint in the shortener, and you run no chances with your bait-casting rod. One point to remember in trolling with a spoon is the fact that a spoon must be spinning around in order to flash under water and attract the fish. If you will keep your eye on the rod tip occasionally you can easily tell whether the spoon is turning around by the steady bobbing of the tip. When it quits bobbing you'd better reel in and clean off the weeds. A hookful of weeds is not much inducement for a fish to strike.

For wall-eyed pike put a dipsey shaker on your rig and troll deep, and if you get a strike, troll back and forth over the same water, as they feed in schools. A fine artificial bait for the wall-eyed is the Heddon's underwater Dowagiac with the green mottled back and white belly. This is a killer, while the South Bend Bassano, white with red head, should be called the Pikeoreno, because it sure makes them dull their teeth.

BOB AND BLAINE TO 'CARRY CAMPAIGN TO ALL PARTS OF STATE

La Follette Now in Madison to Discuss the Political Situation

MADISON, Wis.—Senator Robert M. La Follette was in Madison Thursday for a short visit to consider the political situation he is to face when he opens his campaign for re-election some time during June.

Campaign plans are to be discussed by the senator with his political representatives in the state, preparatory to his return for a general speaking tour. No itinerary of this speaking tour has yet been decided on, but it is said at the office of Governor Blaine that he and Senator La Follette expect to address gatherings in practically every community of the state during the three months when they will actively carry on their campaign for re-election.

It is said at his office that the present stay of Senator La Follette will be brief, probably not more than two or three days. Suggestions that he would call a general conference of so-called La Follette progressive republicans is discredited by his leaders here.

COMMON EXPRESSIONS EXPLAINED

There are many expressions made use of by persons every day who little know the real meaning of the words they are making use of. Why, for instance, does a man mean "first rate," and why does "first rate" mean something of the highest degree of excellence? A 1 is derived from the symbol denoting ships in the best condition in "Lloyd's Registry of Shipping," and "first rate" is an allusion to a warship of the highest class. To have an axe to grind is from the American backwoodsman's practice of calling at houses ostensibly to grind an axe, but in reality to obtain a drink. Bogus: From Bogussee a swindler who about 1837 in Boston passed worthless securities.

To take the rask: Allusion to the prize of a cake in negro cake-walking contests. The deuce: From the German "das deus." Possibly connected with the Celtic "dus," a word denoting. To mind one's P's and Q's: A reference to the pints and quarts chalked up in country public houses against credit customers.

The Real American

America is the land of labor and by no means what the English call "Lubberland" and the French Pays de Cocagne, where the streets are said to be paved with half peck loaves, the houses tiled with pancakes and were the fowls fly about ready roasted, crying, "Come, eat me."—Franklin.

Why "Colonel" is Popular

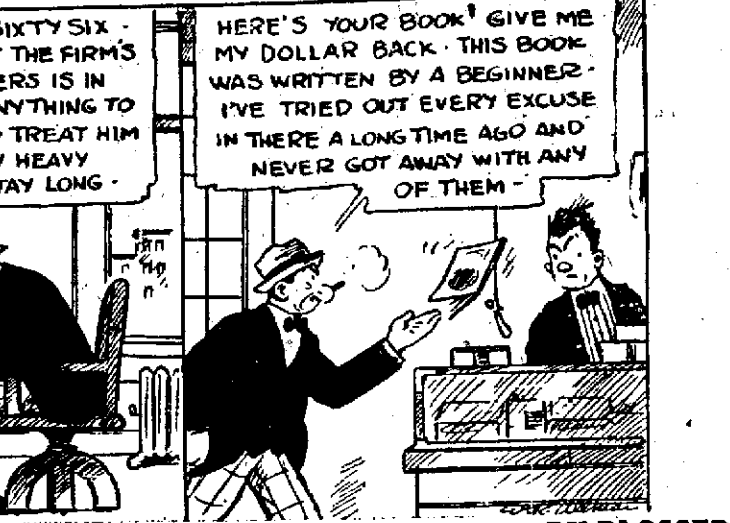

Another reason why the grand old title of colonel leads all the rest is it is so democratic that it spreads its nobility and honor alike in war and peace.—Houston Post.

Exportations of corn from United States this year has increased 57.1 per cent over 1920.

COMBAT TRAIN TO BE MUSTERED IN AT ARMORY TONIGHT

WORLD TURNING TO RELIGION TO CURE ILLS SAYS SPEAKER

RECRUITS WILL BE ACCEPTED UP TO TIME OF MUSTERING IN, MAJOR GORDON ANNOUNCES

The Second Battalion Headquarters and Combat Train of the 120th Field Artillery, W. N. G., will be mustered in and given federal recognition this evening at 7:30 o'clock at the Mormon Congreg. hall, Captain Brooks, U. S. A., will muster in the outfit.

Major Gordon, in command of the field artillery, requests that all enlisted men be present at the armory at 7:15 o'clock. Those who have not had a physical examination will be examined at the armory tonight. Enlistments also will be taken up to the moment of mustering in, Major Gordon announces.

It is also planned to install a complete radio outfit at the armory. A number of the men enlisted in the combat train are radio fans. They will install the radio apparatus. Instruction also will be given in radio work.

POLICE AT MADISON ARREST ASSAILANT OF APPLETON MAN

MADISON, Wis.—William Throling, Madison, was arrested by local police Thursday, charged with shooting and robbing William Van Order of Appleton, Monday. He was arraigned in Superior court charged with assault with intent to kill.

John Clark, who was with Van Order in his automobile when the robbery took place, identified Throling as the man who held them up.

OBITUARY

MRS. MARGARET CHILTON
Mrs. Margaret A. Chilton, mother of Mrs. J. G. Dubraks, died Thursday morning at 3:15 at the home of her daughter, 1223 Avon street, St. Paul, Minn. She had been ill for some time. The cause of death was the infirmity of her years, she being 84 years of age at the time of her death.

Mrs. Chilton is survived by two daughters, Mrs. Dubraks and Mrs. William Rittenhouse, of Dubuque, and by three sons, James and William Chilton of Dubuque and Charles Chilton, Portland, Ore. She leaves also eleven grandchildren and nine great-grandchildren.

Funeral services will be held Friday morning at 10 o'clock at the Tuley chapel, Rev. C. R. Shaver officiating, and the body will be taken to Dubuque for burial.

MRS. ANDREW MELDE

Mrs. Andrew Melde, 67 years old, died at her home 453 Chicago street, at 12:30 Wednesday afternoon. Mrs. Melde leaves her husband and four children, two daughters and two sons, Mrs. M. Love and Mrs. Otto Miller and George of La Crosse and Christ of Chicago.

The funeral will be held Saturday at 2:30 p. m. from the home, Rev. E. O. Vik officiating. Interment will be in Oak Grove cemetery.

TAYLOR FUNERAL

Funeral services for O. G. Taylor, brother-in-law of Mrs. M. Hayes and Mrs. Edward Evans, both of this city, who died recently at Vancouver, will be held Friday morning at 8:45 from the M. F. Hayes home, 347 South Sixth street, and at 9 from St. Joseph's cathedral. The body arrived in the city at noon today.

SCOUTMASTERS IN SCHOOL TO LEARN HOW TO INSTRUCT

Sixty-six Leaders Finish Intensive Course to Benefit Boys or Organization

At the final lesson of the scoutmasters' school of the local Scout organization held Wednesday evening, May 17, the scoutmasters and assistant scoutmasters finished one of the most intensive and instructive courses of boy leadership that has been conducted for some time.

The leaders who have assembled weekly for five months have received inspiration and instruction from the best talent of the city. At the last meeting, acting city engineer, C. C. Congdon, presented one of the best subjects that has been taken up in scouting, that is, making reports of hikes, using a sketch map to report the same. This subject was so roughly explained by Engineer Congdon that the Scout leaders are confident that they can present the idea to their Scouts when the boys are enough advanced to receive it. Mr. Congdon has had university training and has been assistant city engineer for over a year. He hurried all scoutmasters and assistants who were unable to be present at the last meeting, to make an appointment with him and he would help them in this matter during his limited leisure time.

The scoutmasters' school is the great factor in the training of boys. La Crosse has, at the present time, sixty-six scout leaders who six months ago had not the faintest idea that they would be responsible for a group of live enthusiastic American boyhood. To better enable these men to fill their positions, the scout council directed that the scoutmasters' school be conducted and to date startling results have been achieved.

In order that these men will not lose the connection gained in this school, Scoutmasters will meet monthly at a round table, the first meeting to be held on the seventh of June and on the first Wednesday of each month thereafter until October, when an eight-week course of training will be conducted as a review to the older officers and instruction to the newly commissioned Scoutmasters.

BAPTISTS TO ADMIT WOMEN TO CHURCH'S EXECUTIVE COUNCIL

JACKSONVILLE, Fla.—Change in the constitution of the Southern Baptist convention to admit women to membership of the active executive committee and various boards was adopted Thursday after a spirited discussion. Dr. J. W. Porter of Louisville opposed the change, questioning the Apostle Paul's abjuration of women speaking in the church. "We have started on the down grade," he declared, "and the time will come when a woman will preside over this convention."

Dr. Porter deprecated the "feminist movement" and said many leading workers of the women's missionary union were opposed to women taking part in the convention.

SNORING LANDLORD IS MISTAKEN FOR BURGLARS AT WORK

DULUTH, Minn.—Tenants share a millinery store sent in a call to police Wednesday night that burglars were sawing their way into the safe beneath. When the riot squad arrived they found the storekeeper snoring peacefully on a counter.

George Murray Twirls and Slams Out Homer With Two on Bases

WALKER'S HOMER BEATS FABER IN MOUND DUEL

Browns Blow up in Ninth and Red Sox Cop. 4 to 3

NEW YORK—Sensational pitching and hitting by George Murray, North Carolina collegian, enabled the Yankees to defeat Cleveland on Wednesday, May 16 to 4. Murray held the Indians scoreless after relieving Shaw, and put New York in the game with a home run in the second with two on base. Score: Yankees, 4; Browns, 0. Murray pitched 7 1/2 innings, allowing no runs, 1 hit, 1 error, 1 walk, 10 strikeouts. Batters: Cleveland, Shaw, Edwards and Summerville; Yankees, Murray and Schalk. Murray and Schalk.

Macks, 3; Sox, 1. PHILADELPHIA—The White Sox's home run drive, scoring Johnston ahead of him broke up the pitching duel on Wednesday between Edd and Heinach in the thirteenth inning and gave Philadelphia its fourth straight victory, 3 to 1. Heinach, a scout from the Major club, of the Three-Eye league, held the White Sox to eight scattered hits. Faber batted thirteen Athletics. Score: Philadelphia, 3; Browns, 1. Batters: Philadelphia, Heinach, Schalk, and Perkins.

Red Sox, 4; Browns, 3. BOSTON—Two errors by McManus, a pass to Pratt which filled the bases, Smith's single to left which scored two runs, a perfect bunt by Pagan which filled the bases again, and sacrifice flies to left by Jorus and Foster gave Boston four runs in the ninth inning on Wednesday. Boston defeated St. Louis, 4 to 3. Pratt, the ninth Van Gilder held Boston to four hits, and received sensational support. Score: St. Louis, 3; Browns, 4. Batters: Van Gilder and Sevel; Ferguson, Russell and Ruel.

HOW THEY STAND

SHERDEL BLANKS DODGERS, 11 TO 0

Former Brewer Wins Sixth Straight Game; Cards Bunch Blows to Cop

DONOHUE INVINCIBLE AS REDS BEAT PHILS, 1-0

Cubs Bunch Wallops to Tame Braves, 6 to 3

ST. LOUIS—The locals ran up nine hits for seven runs off Grimes during his four innings on the mound, and pounded Brooklyn for five more hits, defeating Brooklyn on Wednesday, 11 to 0. It was Sherdel's sixth consecutive victory. A circuit drive was made by Topotter with Smith on base, and one was knocked by Smith with Sherdel on. Horvath also pounded out a four baser, being his sixth this season. Score: St. Louis, 11; Dodgers, 0. Batters: Grimes, Gordinier and Miller; Sherdel and Abmsmith.

Reds, 1; Phils, 0. CINCINNATI—Donohue pitched a tight ball and gave excellent support in the field, enabling Cincinnati to win Wednesday's game from Philadelphia by a score of 1 to 0. Score: Philadelphia, 0; Reds, 1. Batters: Smith, Winters and Henline; Donohue and Hargrave.

Cubs, 6; Browns, 3. CHICAGO—Chicago lunched his behind bases on balls and easily defeated Boston by 6 to 3 in the first game of the series. Score: Boston, 3; Cubs, 6. Batters: McQuillan, Lansing and Gowdy; Jones and O'Farrell.

COCHRAN FORCES SCHAEFER TO LIMIT AS CHALLENGER REMAINS BUT 81 BEHIND

CHICAGO, Ill.—Jake Schaefer, champion 15.2 ball-line billiardist, will start Thursday night on the final block of his 1500 point match with Weiker Cochran, Iowa star cueist, with only an 81 point lead as the result of the challenger's brilliant flash display in last night's block when he made a run of 159 points.

Early in Wednesday night's play it appeared that the champion had clinched the match, but the brilliant display of billiards made by Cochran in the last frames forced Schaefer to the limit and the bardest fight of the match is predicted for Thursday night.

Schaefer has an advantage in the fact that when the final play is started he will have the balls in position which he can continue on the run which gave him the score of 500 in the second block. This should be the critical point in the match for the champion. The score now stands 1,000 to 919, but if the champion Cochran will have a good opportunity to overcome this small lead.

ADAMS TO CELEBRATE BIRTHDAY BY HURLING AGAINST THE GIANTS

PITTSBURGH, Pa.—Charley "Babe" Adams, hero of the Pittsburgh-Pittsburgh world series of 1909 and dean of major league baseball pitchers expected to celebrate his fortieth birthday Thursday by taking the mound against his ancient rivals the Giants. The Babe has won 169 games and lost 114 since 1907. After fifteen years in the world of baseball the tables show that Adams today stands forth as one of the best moundmen in the National league.

CHICAGO—The University of Illinois baseball team defeated the University of Chicago 11 to 6.

PARIS—The French government has accepted the proposal of the British government for an international inquiry into alleged Turkish atrocities.

STEEL SHAFTS TO BE PERMITTED IN ALL GOLF CLUBS

Afford no Mechanical Advantage to Plays, Association Rules

CHICAGO, Ill.—By The Associated Press.—The executive committee of The Western Golf association Thursday announced that its investigations and tests showed that steel shafted golf clubs afforded no mechanical advantage to players and that their use would be permitted in all tournaments held by the association. The U. S. Golf association recently barred the clubs, but it is understood that this decision will be reconsidered.

CHICAGO.—John Ray, distance runner of the Illinois Athletic club, accepted the invitation of Coach Stagg of the University of Chicago to meet Ray Watson of Kansas City, in a special mile race, in connection with the interscholastic track meet May 27.

TOLL OF INDUSTRIAL ACCIDENTS SHOWS NO LESSENING IN 1921

Hundred and Fifty-seven Deaths Reported During Year by Industrial Commission

NEARLY THREE MILLION PAID OUT TO INJURED WORKMEN

Largest Amount in Any Year Since Passage of Act

MADISON, Wis. — The toll of industrial accidents in Wisconsin during 1921 was almost as great as during the preceding years in spite of the industrial depression, the industrial commission reported Thursday. There were 157 deaths, 11 cases of permanent total disability, 1602 cases involving permanent partial disability and 14,898 compensable accidents.

This compares with 171 deaths, 11 cases of permanent total disability, and 14,440 cases of temporary disability, a total of 18,246 compensable accidents for 1920. The number of days lost in 1921 was 2,518,539, compared to 2,600,760 for the preceding year.

As a result of accidents a total of \$2,018,817 was paid as indemnity to injured workmen and for medical aid, the largest money cost at any time in the history of the compensation act. Indemnity to workmen amounted to \$2,257,255 and medical aid to \$661,562. Last year \$1,970,513 was paid workmen as indemnity for accidents and \$569,571 for medical aid, a total of \$2,540,084.

The handling of objects caused 2,674 accidents compared with 2,744 caused by machinery. This is contrary to popular belief that machinery is the greatest cause of industrial accidents, the commission says. Other important causes of accidents are falls of persons, hand tools, stepping on or striking against objects, falling objects, hoisting apparatus and automobiles, in the order named.

When seriousness of accidents is considered, falls of persons are said to rank first, with 24 deaths due to this cause. Hoisting apparatus and electricity each caused 20 deaths and machinery 16.

ORGANIZATION OF TRAFFIC CLUBS IS FORMED IN CHICAGO

CHICAGO, Ill. — The Associated Traffic Clubs of America, an association of city traffic clubs throughout the country, was organized here Wednesday.

The national organization will function in dealing with national transportation questions and transmitting its views to legislators and to the public. The traffic clubs are composed of railroad and industrial traffic men, representative of both transportation companies and shippers.

SETTLE BAKERS' STRIKE
MADISON, Wis. — The strike of Madison bakers was settled Thursday when eight of the ten master bakers signed a contract submitted by the local union. No reductions in wages are to be made as a result of the settlement, except for a cut from twenty to ten cents an hour as extra for night work.

Needed at Dances
And the Sea Shore

(Aids to Beauty)
Here is a home treatment for removing hairs that is quick, painless and inexpensive: With some powdered delatone and water make enough paste to thickly cover the objectionable hairs, apply and after 2 or 3 minutes rub off, wash the skin and it will be left soft, clear and hairless. This treatment will not mar the skin but to avoid disappointment, be careful to get real delatone. Mix fresh as wanted.

THREE AND A HALF MILLIONS PAID IN MOTOR LICENSES

MADISON, Wis. — Automobile owners in Wisconsin have paid to the state in license fees nearly \$3,500,000 or nearly \$100,000 more than at this time last year. Elmer S. Hall, secretary of state, announces. Practically all cars are now licensed.

This money is placed in the general fund and remains until next year in the name of the secretary of state, to be later turned over to the highway commission for use in maintaining highways. About \$4,000,000 will be available from this source for maintenance work, Mr. Hall estimates.

EAGLES PLANNING MARCHING CLUB FOR ST. PAUL CONVENTION

The local aerie of Eagles is planning to make the biggest kind of a splash at the grand aerie convention in St. Paul in August. A 32-piece band, drum corps, drill team and a marching club of 200 members are among the convention plans of the La Crosse Eagles. Frank Muth has been named general chairman of the marching club and Charlie Dittman heads the committee to provide the music. A special train will be chartered to take the Eagles to the Saintly city. While in St. Paul the La Crosse delegation will live in their special Pullmans.

PROGRESS MADE IN DRYING UP NATION DECLARES HAYNES

WASHINGTON. — Prohibition Commissioner Haynes is being kept busy answering letters from all over the country asking if he is growing discouraged over the job of keeping the U. S. dry, it was said Wednesday at prohibition headquarters.

"I am glad of the opportunity," Mr. Haynes said, in one letter. "to assure you most emphatically that there is every reason for the heartiest gratification over the marked progress that is steadily being made in the way of constructive enforcement."

TEN PER CENT WAGE BOOST ANNOUNCED BY LACKAWANNA

NEW YORK. — The Lackawanna Steel company Wednesday announced wage increase of more than ten per cent to common laborers. The increase from 23 to 26 an hour was unasked by the workers. It was understood to have been made for the purpose of equalizing wages with those paid by the Bethlehem Steel corporation, by which the Lackawanna has been absorbed.

VAN ORDER BETTER
MADISON, Wis. — The condition of William Van Order Appleton salesman, shot and robbed by a masked bandit here Monday night, was reported as improved Thursday. He is now expected to recover. Police have found no tract of the robber.

FOR ITCHING TORTURE

Use Antiseptic Liquid Zemo
There is one remedy that seldom fails to stop itching torture and relieve skin irritation, and that makes the skin soft, clear and healthy.
Any druggist can supply you with Zemo, which generally overcomes skin diseases. Eczema, Itch, Pimples, Rash, Blackheads, in most cases give way to Zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It is positively safe for tender, sensitive skins.

SIMPLIFIED RADIO SET INVENTED BY CHICAGO ENGINEER

Receiving Device Needs no Outside Assisting Apparatus Announces Inventor

CHICAGO, Ill. — A new type of radio receiving device without aerial electrical power line connection or any assisting apparatus except several yards of wire tacked on the back of the cabinet which houses the set was announced Thursday by B. F. Miessner, radio engineer. Adequate reception of signals is accomplished by a super-amplifier which, according to Mr. Miessner, magnifies the signal about fifty times more than the ordinary three tube amplifier, rendering it fully as audible as signals received with aerial antennae. The receiving set is simplified, having only a button to turn on the power, generated in small storage batteries also housed in the cabinet, and a dial on which the wave lengths are marked. After adjusting the one dial to the wave length on which the operator wishes to receive, no other adjustments are necessary. In a demonstration today signals from KJW broadcasting station, Chicago, were plainly received with the cabinet in an inside office of a large Loop building.

PLAN FOR SEPARATE HALL OF FAME FOR WOMEN ABANDONED

NEW YORK. — The separate hall for famous women in the hall of fame of New York university is to be abandoned, and in the future elections all discrimination as to sex will be abolished.

When the hall of fame was established at the university in 1900, no provision was made for the election of women. In 1904 it was voted to set aside a separate hall for the women and this division now contains the names of seven women. They are Harriet Beecher Stowe, Mary Lyon, Emma Willard, Alice Freeman Palmer, Frances Elizabeth Willard, Marie Mitchell, and Charlotte Saunders Cushman.

The barometer was invented about the middle of the 17th century.

Money Back If "Gets-It" Fails

Nothing is so utterly needless as the suffering from aching, painful corns.

It is as easy to peel off a corn as to skin a banana. Touch it with "Gets-It" and the trick is done. For hard corns, soft corns, any corn—or callous. All pain stops instantly and the corn proceeds to loosen and soon can be lifted right off.
Your money cheerfully refunded if it fails. But it never fails. Costs but a trifle. E. Lawrence & Co., Mfr., Chicago. Sold in La Crosse by C. L. Lien and The Rexall Store.

CAMPING FACILITIES OFFERED TO SUMMER STUDENTS AT "U. W."

MADISON, Wis. — Over 400 courses will be offered at the summer session of the University of Wisconsin which opens here June 26 and continues to August 4. This is an increase over the number of subjects taught at previous summer schools at the university.

The enrollment of 4,600 in 1921, is expected to increase during the present summer.

The university is to maintain a tenting colony on the shore of Lake Mendota at one of its most picturesque points for use by students who are in attendance at the school with their families. All camping conveniences are provided at the site, which is but a short walk from the center of the campus.

IN THE MORNING PAPERS A Summary of the News

WASHINGTON. — An army of 140,000 men with an average officer strength of approximately 12,530 was agreed upon by the senate appropriations sub-committee.

NEW YORK. — S. Standwood Menkin, president of the National Security league, urged, in an address before the Building Trades Employees' Association that business men form a "business bloc" in congress.

CHICAGO. — Ralph Teter and George Hecker were sentenced to one year and forty-five days in jail for their connection with the \$100,000 Dearborn station mail robbery.

DAVENPORT, Ia. — Financial aid and moral support for United Mine Workers now on strike, was voted by the Iowa Federation of Miners.

MORE SHELVING IS PROVIDED IN THE PUBLIC LIBRARY

Changes in Building Makes Necessary Delivery of Books at the Desk

The Public Library is having a two story steel stack put into its book room in order to get more shelving space. It is expected that this will take care of normal growth for the next ten years. While this is being done, the old stacks with all the books on them not at present out in circulation, have been moved into the Reading room. This makes necessary the closing of the reading and reference room to the public. The stacks have necessarily been placed so close together here that to give the public access to them in the usual manner would create a great deal of confusion.

All books desired for reading outside the library must be asked for at the delivery desk. The library as-

sistant in charge will get them for the patron. No newspapers, magazines, etc., can be read in the library until the new stacks are in place and the books moved back. Just how long this will take the librarian cannot say, but it will probably take several weeks. This time of year when the schools are closing and the reading and reference room attendance is always appreciably less has been chosen as the time when our readers will be the least inconvenienced.

Flew Through a Plate Pane
As an example of the high rate of speed at which some birds travel, we may instance, says an English nature publication, the case of a curlew, not at all a heavy bird, which flew right through a sheet of plate glass 1/4 inch thick at Turnberry Lighthouse. Unless it had been going very fast, it would have come to a full stop as soon as it touched the glass.
